Subject: Re: Donlin EIS: Draft minutes for the Cooperating Agency meeting of January

Hi, Taylor. Just wanted to know if you and others made it to Kipnuk for the meeting. The weather has been real lousy here so thought you and others didn't make it to Kipnuk. If you rescheduled the meeting please let me know the date so Tuntutuliak can plan to attend. Oh yeah, we have a unit 7 meeting and if we can plan the Donlin meeting with the unit 7 villages, there would probably be more people attending. Unit 7 villages include Tuntutuliak, Kongiganak, Kwigillingok and Kipnuk so if you have your meeting when there is a unit 7 meeting, it would be so much better as more people would attend. Will be waiting for a response in the near future. Thank you. Also, sorry for not attending the last few teleconference but I was not available during those times.
